

Aluminium Flagpole with External Hoisting

The Falco aluminium flagpoles is supplied in many different versions and models . They are constructed from an extruded Aluminium profile. Flagpoles with a length above ground of 4, 5, 6 and 7 meters are supplied with a diameter of 60 mm, while the 7 and 8 meters are available with a 90 mm diameter. The top finial is supplied as standard in black.

Available in a white-coated aluminum or plain finish. Anchoring can be with a socket or with a tilting base, these can be supplied with a concrete foot or embedded into a block.

ARTIKELNUMMER: 08.005.200Z

Aluminium flagpole round 60mm, long 5000mm, powdercoated in white with black finial, with external halyard with cleat, without push in socket

ARTIKELNUMMER: 08.005.250Z

Aluminium flagpole, diameter 60mm, length 5 metres, with external hoisting and black finial

ARTIKELNUMMER: 08.006.200Z

Aluminium flagpole powdercoated in RAL 9010 - white, diameter 60 mm, length 6 metres, external hoisting and black finial

ARTIKELNUMMER: 08.007.200Z

Aluminium flagpole powdercoated in RAL 9010 - white, Ø60 mm, length 7 metres, external hoisting and black finial, without socket

ARTIKELNUMMER: 08.200.005

Flagpole, additional charge for anti-vandal mechanism.

ARTIKELNUMMER: 08.200.025

Flagpole banner holder, choice of 1,000mm, 1,200mm or 1,500mm lengths

ARTIKELNUMMER: 08.206.200Z

Aluminium flagpole round 90mm, long 600cm, powder coated in white with black finial, with external halyard with cleat, without push in socket

ARTIKELNUMMER: 08.207.200

Aluminium flagpole round 90mm, long 7000mm, powdercoated in white with black finial, without push in socket

ARTIKELNUMMER: 08.207.200Z

Aluminium flagpole round 90mm, long 7000mm, powdercoated in white with black finial, with external halyard with cleat, without push in socket

ARTIKELNUMMER: 08.208.200Z

Aluminium flagpole round 90mm, long 8000mm, powdercoated in white with black finial, with external halyard with cleat, without push in socket

ARTIKELNUMMER: 08.820.060

Push in socket for flagpole Ø 60mm, tube 51x3mm, long 490+490mm with stop plate. To be grouted in.

ARTIKELNUMMER: 08.820.090

Push in socket

ARTIKELNUMMER: 08.822.060

Tilting base with anchor piece long 750mm (tube 51x500mm) for flagpole Ø60mm

ARTIKELNUMMER: 08.822.090

Tilting base with anchor piece long 750mm (tube 82x500mm) for flagpole Ø90mm
