FalcoTel-K Cycle Store

The FalcoTel-K shelter enables the FalcoTel range to become a secure store. At 2,900mm deep, the FalcoTel-K is slightly deeper than the standard range of shelters and is ideal for cycle storage enabling cyclists to manoeuvre their bikes in and out safely.

The store can be clad in a variety of finishes including hardwood slats, corrugated aluzinc sheets or wire mesh.

There are a number of permutations for positioning the door (ask our sales department) with a single or double doors able to be positioned in either the front or side walls, the cycle shelter also comes complete with a Europrofile cylinder lock.

Like all Falco products, the steel work of the cycle shelter is hot dip galvanised to BS EN ISO 1461 and can be polyester powder coated in any of the 192 RAL colours.
