Triangle Cycle Shelter

Triangle canopy system is part of a co-ordinated range of street furniture products which includes litter bins, seating, bollards, cycle stands and lighting. The shelter brings the familiar design led 'triangle' theme to the fore and the use of a range of materials including stainless steel and powdercoated galvanised steel with roof cladding options of aluzinc or safety glass.

A canopy with Design

As with all Falco products, the aesthetic strengths of the design are matched by high functionality. The canopy incorporates integrated gutters with rainwater being channelled inside the structure and discharged at ground level.

Lighting

Additionally lighting can be incorporated into the central panel of the canopy with opaque acrylic covering. Optional back wall panels include steel sheet or safety glass.

Measures canopy Triangle

Width: 4000 mm
Depth: 2718 mm
Height: 2396 mm
Head height: 2262 mm
