## Ropeway

A zip wire! This device for playgrounds allows children to feel the sensation of flying and throwing themselves into the air in complete safety. Let yourself be transported from one end of the cable to the other and challenge your playmates to see who can make it to the other side.

### Construction

Supporting pillar is manufactured from Ø200 mm tube, with the trestle at either end in Ø48 mm tube, shields from Ø40 mm tube, all stainless steel. Stainless steel sliding cable.

Design tobia.reposi

Height 430 cm, width 200 cm, length 2,400 cm.
