Monet Seat

The chic Monet seat evokes the floral brush strokes of the famous French impressionist and is a great seat for parks, gardens and other green areas. With a backrest as standard, the Monet seat enables a relaxing experience.

The seat is formed so that there are two gently rounded waveforms at the knees and backrest. The Monet is available in three versions, in aluminium or cast iron with floral motifs (780mm high) or elegantly equipped with hardwood slats on the seat and backrest (800mm high).

The Monet is available in two lengths 1,300 or 1,800mm, with a sit height of 460mm. The standard colour is black, however there are also other standard RAL colours available (see list).
